

The Louisville Tropical Fish Fanciers, Inc., is a non-profit society of hobbyists interested in the keeping of tropical fish and plants. It is the area's only all variety aquarium club covering tropical and cold fresh-water, brackish, and marine fish in aquaria and outdoor ponds. Founded in 1958, the club has enjoyed a long history of service to the hobby and continues to receive great support from manufacturers and distributors of aquarium products. Members' interests and expertise range from African Cichlids to Ornamental Goldfish. LTFF, Inc. is a society member of the Federation of American Aquarium Societies and individual members are also members of various specialized societies and study groups.

LTFF, Inc. membership is an inexpensive but important part investment for the hobbyist whether inexperienced or expert. LTFF, Inc. offers the hobbyist a valuable resource for information, competition and fellowship. Prominent speakers, programs, and trips along with mini-auctions of donated fish and supplies are features of monthly meetings. A large annual action is held in September. LTFF, Inc. publishes THE SCAVENGER, their quarterly newsletter. Several local shops also provide discounts to active members.

LTFF, Inc. meets on the second Sunday of each month at 7:30 PM at the Bon Air Branch of the Louisville Public Library, 2616 Del Rio Place, Louisville, Kentucky.
